

At the home page, click on Load Board in the upper navigation then input your TBS client credentials.

Once logged in, you will come to our Freight Load Board where you can view available freight loads. This displays origin, destination, freight information which includes payment, as well as the shipper or broker name and contact. On the left next to the load number, you may see a green thumbs up. Freight with this icon are pre-approved for factoring with TBS Factoring!

By clicking on a freight load, you can view “Load Details” which includes additional load information, company information, any attached files that are associated with that load, and the load’s map route.

Our Directions Map pops up on the screen for your convenience.

Also within the loads details, you have the option to reserve a load once you have contacted that shipper or broker and successfully booked that freight load's transportation.
